## Book Overview:

*A wild and bittersweet memoir of a classic '70s childhood*

*It's a story of the 1970s. Of a road trip in a wood-paneled station wagon, with the kids in the way-back, singing along to the Steve Miller Band. Brothers waking up early on Saturday mornings for five consecutive hours of cartoons and advertising jingles that they'll be humming all day. A father-one of 3M's greatest and last eight-track-salesman fathers-traveling across the country on the brand-new Boeing 747, providing for his family but wanting nothing more than to get home.*

*It's Steve Rushin's story: of growing up within a '70s landscape populated with Bic pens, Mr. Clean and Scrubbing Bubbles, lightsabers and those oh-so-coveted Schwinn Sting-Ray bikes. Sting-Ray Afternoons paints an utterly fond, psychedelically vibrant, laugh-out-loud-funny portrait of an exuberant decade. With sidesplitting commentary, Rushin creates a vivid picture of a decade of wild youth, cultural rebirth, and the meaning of parental, brotherly, sisterly, whole lotta love.*

This book is one of best seller books in the world. Many of people very interesting to read this book. So, your life will be regret if you never read this book on your life.
